

CRIMINAL HISTORY DIRECTORY

N.Y.C. DEPARTMENT OF CORRECTIONS

Introduction

The New York City Police Department Bureau of Prisons maintains detailed, if occasionally spotty, records on criminals that have come into contact with the justice system. This directory can help you locate an individual using various demographic and behavioral criteria.

Fields

- **Lead:** The internal identification number for the prisoner/suspect. Look up this number in your current casebook to pull the individual's detailed records if they are involved in your case.
- **Age:** Current age (and sex) of the individual. Note that all records are sorted by age.
- **Ethnicity:** Ethnic group.
- **Height:** Expressed as feet & inches.
- **Weight*:** Expressed in pounds.
- **Tattoos & Scars*:** Usually just the single most prominent tattoo; favoring tattoos most visible (face, hand, arm). For example, if a suspect has a face and back tattoo, only the face tattoo will be mentioned.
- **Aliases:** Known main alias of prisoner.
- **Location:** Last known address of the prisoner. This will be a neighborhood abbreviation if in Manhattan, or the borough or state outside of New York. The term "Foreign" marks a criminal known to have left the country. Note that this information may be out of date.
- **Years:** Total years spent in prison or jail.
- **Status*:** Whether the criminal is currently "**Free**" and unincarcerated, in "**Custody**" (jail or prison), on "**Probation**" (unincarcerated but required to keep justice department informed of housing location and work status), "**Wanted**" (on the run; warrant issued), or "**Dead**". If a +N is specified after the status, it indicates the number of years that status has held (e.g. "Free + 10" means free for 10 years).
- **Profile:** General N.Y.P.D. classification of offender behavioral profile, which includes "**Petty**" (petty criminal, committing mostly misdemeanors, not particularly dangerous; theft, disorderly conduct, etc.; includes most youthful offenders), "**Opportunist**" (capable of committing more serious crimes given the right context but not considered a career criminal), "**Underworld**" (gang affiliated or member of organized crime

organization), "**Repeat**" (repeat offenders and career criminals).

- **Subclass:** Classification of criminals modus operandi, or favored crimes, including "**Misdemeanor**" (minor non-violent crimes), "**Felony Property**" (more serious property crimes), "**Felony Violent**" (more serious assaults, murder, etc.), "**Organized**" (crime by gangs and criminal organizations like blackmail, extortion, racketeering, drug distribution, etc.), "**White Collar**" (mostly financial crimes of high value).
- **Last Crime:** Specific last crime committed; will frequently (but not always) match the main behavioral profile of the criminal.

***Note:** Once a subject is released from custody their appearance is no longer updated. If status indicates subject has been free for a prolonged time, their weight and appearance may have changed.

Tips on Searching the Directory

Locating persons of interest using the directory relies on efficiently filtering out candidates. Begin by identifying an age range since the directory is sorted by age. Witness descriptions of suspect ethnicity are sometimes unreliable, but if combined with accent, can be a fast way to filter out many candidates. Last Location and Tattoo information are occasionally out of date, but can be highly useful in confirming identities.

Because of the manual labor involved in retrieving prisoner records, NYPD policy encourages detectives to narrow down their candidate pool to no more than a handful of viable candidates before looking up detailed records in a case. Concentrate on gathering additional witness statements until you can do so.

Note on Directory Lead Numbers

It is important to note that the lead number corresponding to an individual in this directory will not match the lead number corresponding to the same individual in the White Pages (or Fingerprint directory, etc.). That is, you cannot use the lead number of an individual from the White Pages to directly look up that individual's criminal history in this directory, and vice versa. You will have to use your investigative skills to connect the various records belonging to an individual.
